Malad East, Mumbai, 400097 | 9930077508 | bbandanaaaaa@gmail.com | www.linkedin.com/in/bandanaaaaa

Summary

Detail-oriented Data Analyst with a completed degree and hands-on experience in data cleaning, visualization, and statistical analysis. Proficient in Excel, SQL, Python, and Tableau, with a strong track record of turning complex data into actionable insights. Skilled in building dashboards and reports for business and financial data. Strong communicator and team player, eager to support data-driven decision-making.

Experience

Data Analyst Internship Experience

Unified Mentor

May 2024 – June 2024

- Cleaned and analyzed datasets to uncover trends, and wrote SQL queries to automate data extraction and reporting.
- Built and maintained Tableau dashboards to visualize key business metrics and provide real-time performance insights.

Zidio Development

July 2024 – Sept 2024

- Built Tableau dashboards and SQL queries to analyze financial and sports data, boosting reporting efficiency by 20%.
- Led and supported teams in data analysis, improving accuracy, streamlining processes, and guiding junior analysts.

Projects

Employee Performance *Dashboard*

Built an interactive Tableau dashboard to analyze employee data, including performance metrics, attrition trends, and department-wise productivity. Enabled HR teams to identify areas for improvement and make data-driven decisions.

Banking Analytics *Dashboard*

Developed a dashboard to visualize key banking metrics such as customer demographics, loan distribution, and transaction trends. Helped uncover insights for improving customer segmentation and retention strategies.

Electric Vehicle Analysis *Dashboard*

Created a Tableau dashboard showcasing trends in EV adoption, sales by region, and environmental impact metrics. Supported strategic decisions related to market expansion and green initiatives.

Skills

• Python	• Tableau
• SQL	• Statistics
• Advance Excel	• Exploratory Data Analysis (EDA)
• Office Automation	• Extract, Load, and Transform(ELT)
• PostgreSQL	• Data Storytelling
